1.0 BACKGROUND OF NATIONAL INSTITUTE OF TRANSPORT

The National Institute of Transport (NIT) is a public higher learning institution located west of the Dar-es-Salaam region, along Mabibo Road in Ubungo Light Industrial area, one kilometer off the Morogoro road. The history of NIT dates back to 1975, when it was established as a training wing of the then National Transport Corporation (NTC). NIT was responsible for strengthening the human resource capabilities of transport operatives and middle level managers of subsidiary companies of NTC. These subsidiary companies were Kampuni ya Mabasi Tanzania (KAMATA), Usafiri Dar-es-Salaam Limited (UDA), and Regional Transport Companies (RETCOs).

In 1982, it was realized that there was a need for an institute to cover all modes of transport (air, railway, road, marine and pipeline) through expanding its scope of activities and responsibilities. As a result, NIT was re-established through the Act of Parliament Number 24 of 1982 (Chapter 187 revised edition 2009) as an autonomous Higher Learning Institution under the then Ministry of Communications and Works. It started operating on 1st July 1983 through Government Notice No. 91. Currently, NIT is under the Ministry of Transport. NIT is mandated by the United Republic of Tanzania government to offer training, conduct research, and provide consultancy in all modes of transport.

The Institute offers Certificates, Ordinary Diploma, Bachelor's Degree, and Master's Degree programmes in Logistics and Transport Management, Maritime Transport and Petroleum Technology, Aviation, Road, Railway Transport, and Allied Management Sciences.

1.1 Vision

To be a World-Class Training Institution Committed to Support a Sustainable Transport Sector

1.2 Mission

To Provide High-Quality Education and Training, Research, Consultancy, Innovation and Services in Transport and Allied Fields for Sustainable Socio-Economic Development

2.0 GENERAL MINIMUM ADMISSION REQUIREMENTS FOR UNDERGRADUATE PROGRAMMES

2.1. Ordinary Diploma (NTA Level 4-6) Programmes.

A candidate shall be deemed eligible for consideration for admission into Ordinary Diploma (NTA Level 4-6) programmes if he/she is a holder of a Certificate of Secondary Education Examination (CSEE) and has obtained at least four (4) Passes in non-religious Subjects, or a holder of National Vocational Award (NVA) Level III with at least two Passes in Certificate of Secondary Education Examination (CSEE).

In addition to general admission requirements, there are specific entry requirements for every Ordinary Diploma (NTA Level 4-6) Programme as indicated in **Table 1**.

2.2. Bachelor's Degree (NTA 7-8) Programmes.

A candidate shall be deemed eligible for consideration for admission into Bachelor's Degree (NTA Level 7-8) programmes if he/she meets the following entry requirements:

- (A) Holders of Secondary School Qualifications who Completed A' Level Studies before 2014 must have obtained at least two principal passes ('E' and above) with a total of 4.0 points in two subjects defining the admission into the respective programme (where A = 5; B = 4; C = 3; D = 2; E = 1; S = 0.5),
- (B) For Holders of Secondary School Qualifications who Completed A' Level Studies in 2014 and 2015 must have obtained at least two principal passes ('C' and above) with a total of 4.0 points from two subjects defining the admission into the respective programme (where A = 5; B+ = 4; B = 3; C = 2; D = 1; E = 0.5),
- (C) Holders of Secondary School Qualifications who Completed A' Level Studies from 2016 onwards must have obtained at least two principal passes ('E' and above) with a total of 4.0 points in two subjects defining the admission into the respective programme (where A = 5; B = 4; C = 3; D = 2; E = 1; S = 0.5),
- (D) For holders of Ordinary Diploma, FTC, and Equivalent Qualification, an applicant must have at least four passes in non-religious subjects ("D" Grade and above)

at “O” Level or a holder of NVA Level III with less than four O” Level passes or equivalent foreign qualifications as established by either NECTA or VETA; AND

- (i) At least a GPA of 3.0 for an Ordinary Diploma (NTA Level 6) or
- (ii) Average of “C” Grade for Full Technician Certificate (FTC) (where A=5, B=4, C=3, and D=2 points); or
- (iii) A Distinction for unclassified Diplomas and certificates; or
- (iv) Upper Second Class for classified non-NTA Diplomas

In addition to general admission requirements, there are specific entry requirements for every Bachelor Degree (NTA Level 7-8) Programme as indicated in **Table 2**.

3.0. ADMISSION REQUIREMENTS FOR MASTERS DEGREE (NTA LEVEL 9) PROGRAMMES

Specific entry requirements for Master’s Degree programmes are indicated in **Table 3**.

TABLE 1: ORDINARY DIPLOMA (NTA LEVEL 4-6) PROGRAMMES

S/N	PROGRAMME	ENTRY REQUIREMENTS	DURATION	TUITION FEE(TZS) PER YEAR
FACULTY OF LOGISTICS AND BUSINESS STUDIES				
1	Ordinary Diploma in Logistics and Transport Management	❖ Form IV with at least four (4) passes at grade D or higher, including a pass in English, excluding religious subjects; OR ❖ National Vocational Award Level 3 or Trade Test Grade I in a related field of study, in addition to a Certificate of Secondary Education Examination (CSEE) with at least two (2) passes, excluding religious subjects; OR	3 Years	1,000,000
2	Ordinary Diploma in Road and Railway Transport Logistics Operations		2 Years	
3	Ordinary Diploma in Procurement and Logistics Management	❖ Form IV with at least four (4) passes at grade D or higher, including a pass in English, excluding religious subjects; OR ❖ Form VI with one Principal Pass and one Subsidiary Pass in the combination subjects; OR	3 Years	1,000,000
4	Ordinary Diploma in Human Resource Management	❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 Years	
5	Ordinary Diploma in Marketing and Public Relations	OR ❖ Form VI with one Principal Pass and one Subsidiary Pass in the combination subjects.		

S/N	PROGRAMME	ENTRY REQUIREMENTS	DURATION	TUITION FEE(TZS) PER YEAR
6	Ordinary Diploma in Business Administration	❖ Form IV with at least four (4) passes, including pass in Basic Mathematics; OR	3 Years	1,000,000
7	Ordinary Diploma in Accounting and Transport Finance	❖ Form VI with one Principal Pass and one Subsidiary Pass in the combination subjects plus a pass in Basic Mathematics in form IV; OR ❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 years	

FACULTY OF TRANSPORT ENGINEERING AND TECHNOLOGY

1	Ordinary Diploma in Automobile Engineering	❖ Form IV with at least four (4) passes, including passes in Basic Mathematics, Physics/Engineering Science, and Chemistry; OR	3 Years	1,000,000
2	Ordinary Diploma in Mechanical Engineering	❖ Form VI with at least one Principal pass and one subsidiary pass of the science Combination subjects OR ❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 Years	
3	Ordinary Diploma in Auto-Electrical and Electronic Engineering	❖ Form IV with at least a minimum of four (4) passes of "D" grades in Physics or Engineering Science, Basic Mathematics, Chemistry, and English, OR ❖ Form IV with at least a minimum pass of "D" grade in two subjects mentioned above, which must include Basic Mathematics and National Vocational Award Level 3 in Auto - Electrical and Electronics	3 Years	1,000,000
		❖ Basic Technician Certificate (NTA Level 4) in related field recognized by NACTVET	2 Years	

4	Ordinary Diploma in Electronic and Telecommunication Engineering with Railway Signaling	❖ Form IV with at least a minimum of four (4) passes of “D” grades in Physics or Engineering Science, Basic Mathematics, Chemistry, and English, OR	3 Years	1,000,000
		❖ Basic Technician Certificate (NTA Level 4) in a related field recognized by NACTVET.	2 Years	
5	Ordinary Diploma in Electrical Engineering	❖ Form IV with at least a minimum of four (4) passes of “D” grades in Physics or Engineering Science, Basic Mathematics, Chemistry, and English, OR ❖ Form VI with at least one Principal pass and one subsidiary pass of the Science Combination subjects such as Physics, Chemistry, and Mathematics, OR	3 Years	1,000,000
		❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 Years	
6	Ordinary Diploma in Electrical and Railway Electrification Engineering	❖ Form IV with at least four (4) passes at “D” grades in Physics or Engineering Science, Basic Mathematics, Chemistry, and English OR ❖ National Vocational Award Level 3 in Engineering field and a Certificate of Secondary Education Examination with a minimum pass of “D” grade in two (2) subjects excluding religious subjects, which must include Basic Mathematics and Physics or Chemistry OR	3 Years	1,000,000
		❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 Years	
7	Ordinary Diploma in Automobile Engineering and Locomotive Technology	❖ Certificate of Secondary Education Examination with a minimum of four (4) passes of “D” grades in Physics or Engineering Science, Basic Mathematics, Chemistry, and English OR	3 Years	1,000,000

		❖ National Vocational Award Level 3 in Engineering field and a Certificate of Secondary Education Examination with a minimum pass of “D” grade in two (2) subjects excluding religious subjects, including Basic Mathematics and Physics or Chemistry,		
		❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 Years	
8	Ordinary Diploma in Civil and Transportation Engineering	❖ Certificate of Secondary Education Examinations (CSEE) with a minimum of four (4) passes of “D” grades in Physics /Engineering Science, Basic Mathematics, Chemistry, and English, OR ❖ National Vocational Award Level 3 in Engineering related field and a Certificate of Secondary Education Examination with minimum pass of “D” grade in two (2) subjects excluding religious subjects, which must include Basic Mathematics and Physics or Chemistry,	3 Years	1,000,000
		❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 Years	
9	Ordinary Diploma in Electronics and Telecommunication Engineering	❖ Form IV with at least a minimum of four (4) passes of “D” grades in Physics OR Engineering Science, Basic Mathematics, Chemistry, and English, OR ❖ Basic Technician Certificate (NTA Level 4) in related field recognized by NACTVET	3 Years	1,000,000
			2 Years	1,000,000
10	Ordinary Diploma in Mechanical Engineering with Railway Vehicle Technology	❖ Form IV with at least a minimum of four (4) passes of “D” grades in Physics or Engineering Science, Basic Mathematics, Chemistry, and English, OR ;	3 Years	1,000,000

		❖ National Vocational Award Level 3 in engineering related field and CSEE with minimum two (2) passes excluding religious subjects, including pass in Basic Mathematics and Physics or Chemistry		
FACULTY OF MARITIME AND PETROLEUM TECHNOLOGY				
1	Ordinary Diploma in Pipe works in Water, Oil and Gas Engineering	❖ Form IV with at least a minimum of four (4) passes of “D” grades in Physics or Engineering Science, Basic Mathematics, Chemistry, and English, OR	3 Years	1,000,000
		❖ Form VI with at least one Principal pass and one subsidiary pass of the Science Combination subjects such as Physics, Chemistry and Mathematics, Biology, Geography, OR	2 Years	
2	Ordinary Diploma in Shipbuilding and Repair	❖ Basic Technician Certificate (NTA Level 4) in Pipe works, Oil and Gas Engineering field.		
		❖ Form IV with at least a minimum of four (4) passes of “D” grades in Physics or Engineering Science, Basic Mathematics, Chemistry, and English, OR	3 years	1,000,000
		❖ National Vocational Award (NVA) Level 3 in Engineering-related fields such as mechanics/auto-electrical plus a pass in mathematics at the ‘level; OR		
		❖ Form VI with at least one Principal pass and one subsidiary pass of the Science Combination subjects such as Physics, Chemistry and Mathematics, Biology, Geography,		

3	Ordinary Diploma in Shipping and Port Logistics Operations	❖ Form IV with at least four (4) passes excluding religious subjects, OR	3 years	1,000,000
4	Ordinary Diploma in Customs and Freight Forwarding Management	❖ Form VI with one Principal pass and one subsidiary pass in the combination subjects; OR ❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 years	1,000,000
FACULTY OF AVIATION TECHNOLOGY				
1	Ordinary Diploma in Aircraft Maintenance Engineering	❖ Form IV with at least four (4) passes, including passes in Basic Mathematics, Physics/Engineering science, and English Language, OR ❖ Form VI with at least one Principal pass and one subsidiary pass of the Combination subjects such as Physics, Chemistry, and Advanced Mathematics, OR	3 Years	5,000,000
		❖ Basic Technician Certificate (NTA Level 4) in Aircraft Maintenance Engineering	2 Years	
2	Ordinary Diploma in Aviation Management	❖ Form IV with at least four (4) passes at grade D or higher, including a pass in English, excluding religious subjects OR	3 Years	1,800,000
		❖ Form VI with one Principal pass and one subsidiary pass in the combination subjects.	2 Years	
FACULTY OF INFORMATICS AND TECHNICAL EDUCATION				
1	Ordinary Diploma in Information Technology	❖ Form IV with at least four (4) passes, including pass in Basic Mathematics and English Language; OR	3 years	1,000,000

		❖ Form VI with one Principal pass and one subsidiary pass in science combination subjects plus passes in Basic Mathematics and English Language in form IV; OR ❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 years	
2	Ordinary Diploma in Library Information Studies	❖ Form IV with at least four (4) passes excluding religious subjects; OR	3 Years	1,000,000
		❖ Form VI with at least one Principal pass and one subsidiary pass in the combination subjects; OR ❖ Basic Technician (NTA Level 4) Certificates in related field.	2 Years	
3	Ordinary Diploma in Records, Archives and Information Management	❖ Form IV with at least four (4) passes excluding religious subjects; OR	3 Years	1,000,000
		❖ Form VI with one Principal pass and one subsidiary pass in the combination subjects; OR ❖ Basic Technician (NTA Level 4) Certificate in the related field.	2 Years	

4	Ordinary Diploma in Mechanical Engineering with Technical and Vocational Teacher Education	❖ Form IV with a minimum average pass of D grade in any TWO subjects (excluding religious subjects) and National Vocational Award (NVA) Levels 3 in Mechanical Engineering trades from recognized Technical or Vocational Education Training Institution. ❖ OR - Form IV with a minimum average pass of D grade in FOUR subjects; TWO of which MUST either be Mathematics, Physics/Engineering Science, Chemistry or English language or technical subjects from technical secondary schools	3 Years	1,000,000
		❖ Basic Technician Certificate (NTA Level 4) in a related field recognized by NACTVET	2 Years	

5	Ordinary Diploma in Automotive Engineering with Technical and Vocational Teacher Education	❖ Form IV with a minimum average of D grade in any TWO subjects (excluding religious subjects) and National Vocational Award (NVA) level 3 in Automotive or Mechanical Engineering trades from recognized Technical or Vocational Education Training Institution. OR	3 Years	1,000,000
		❖ Form IV with a minimum average pass of D grade in FOUR subjects, TWO of which MUST either be Mathematics, Physics/Engineering Science, Chemistry or English language or Technical Subjects from technical secondary schools.		
		❖ Basic Technician Certificate (NTA Level 4) in a related field recognized by NACTVET.	2 Years	
6	Ordinary Diploma in Electrical Engineering with Technical and Vocational Teacher Education	❖ Form IV with a minimum average of D grade in any TWO subjects (excluding religious subjects are not counted) and National Vocational Award (NVA) Level 3 in Electrical Engineering trades from recognized Technical or Vocational Education Training Institution. OR	3 Years	1,000,000
		❖ □ Form IV with a minimum average pass of D grade in FOUR subjects, TWO of which MUST either be Mathematics, Physics/Engineering Science, Chemistry or English language or technical subjects from technical schools.		
		❖ Basic Technician Certificate (NTA Level 4) in a related field recognized by NACTVET	2 Years	

7	Ordinary Diploma in Civil and Construction Engineering with Technical and Vocational Teacher Education	❖ Form IV with a minimum average of D grade in any of TWO subjects (excluding religious subjects) and National Vocational Award (NVA) level 3 in civil Engineering trades from recognised Technical or Vocation Education Training Institution. OR ❖ Form IV with a minimum average pass of D grade in FOUR subjects, TWO of which MUST either be Mathematics, Physics/Engineering Science, Chemistry or English language or ❖ Technical Subject from Technical Secondary Schools.	3 Years	1,000,000
		❖ Basic Technician Certificate (NTA Level 4) in a related field recognized by NACTVET.	2 Years	

TABLE 2: BACHELOR DEGREE (NTA 7-8) PROGRAMMES

SN	Programme	Direct Qualifications (Form VI) and Equivalent Qualifications	Duration (Years)	Tuition Fee (TZS)
FACULTY OF LOGISTICS AND BUSINESS STUDIES				
1	Bachelor's Degree in Logistics and Transport Management (BLTM)	❖ Form VI with two (2) Principal passes excluding religious subjects with a total of 4.0 points, OR ❖ Ordinary Diploma (NTA Level 6 or Non-NTA) in a relevant field with a GPA of not less than 3.0 points OR ❖ Ordinary Diploma in Teacher Education with a GPA of not less than 3.0 points or an average of a B grade plus four (4) passes in form IV excluding religious subjects, OR ❖ Full Technician Certificate (FTC) with an average of a C grade.	3 Years	1,500,000
2	Bachelor's Degree in Road and Railway Transport Logistics Management			
3	Bachelor's Degree in Procurement and Logistics Management (BPLM)			
4	Bachelor's Degree in Human Resource Management (BHRM)			
5	Bachelor's Degree in Accounting and Transport Finance (BATF)	❖ Form VI with two (2) Principal passes excluding religious subjects with a total of 4.0 points, OR ❖ Ordinary Diploma (NTA Level 6 or Non-NTA) in a relevant field with a GPA of not less than 3.0 points OR ❖ Ordinary Diploma in Teacher Education with a GPA of not less than 3.0 points or an average of a B grade plus four (4) passes in form IV, including a pass in mathematics excluding religious subjects, OR ❖ Full Technician Certificate (FTC) with an average of a C grade.	3 Years	1,500,000
6	Bachelor's Degree in Business Administration			

7	Bachelor's Degree in Marketing and Public Relations	❖ Form VI with two (2) Principal passes excluding religious subjects with a total of 4.0 points, and a minimum pass of D grade in English subject in CSEE OR ❖ Ordinary Diploma (NTA Level 6) with a GPA of not less than 3.0 points, and a minimum pass of D grade in English subject in CSEE	3 Years	1,500,000
---	---	--	----------------	------------------

FACULTY OF TRANSPORT ENGINEERING AND TECHNOLOGY

1	Bachelor's Degree in Automobile Engineering	❖ Form VI with two (2) Principal passes in Science subjects such as Advanced Mathematics, Physics, or Chemistry with a total of 4.0 points, including Four passes in form IV with at least a pass in Basic Mathematics, Physics/Engineering Science and English excluding religious subjects, OR	4 Years	1,500,000
		❖ Ordinary Diploma (NTA Level 6) Automobile/Mechanical/Electrical/Marine Engineering or Technical Education with a GPA of 3.0 points and four (4) passes in form IV, excluding religious subjects. OR	3 Years	
		❖ Full Technician Certificate (FTC) in Automobile/Mechanical/Electrical/Marine Engineering with an average of C grade		
2	Bachelor's Degree in Mechanical Engineering			
3	Bachelor's Degree in Civil and Railway Engineering	❖ Form VI with two (2) Principal passes in Science subjects, such as Advanced Mathematics, Physics, Engineering Science, or Chemistry, including Four (4) passes in Form IV with a pass in Basic Mathematics, Physics/ Engineering	4 Years	1,500,000

		Science, and English excluding religious subjects, OR		
		❖ Ordinary Diploma in Civil/ Transportation/ Railway Engineering OR	3 Years	
		❖ Ordinary Diploma (NTA Level 6 or Non-NTA) in Shipbuilding and Repair/Mechanical /Automobile/ Electrical/Electronic and Telecommunication/ Marine/ ❖ Aircraft Maintenance/Agriculture/ Any engineering-relevant field with a GPA of not less than 3.0 points	4 Years	
4	Bachelor's Degree in Telecommunication and Railway Signalling Engineering	❖ Form VI with two (2) Principal passes in science subjects such as Advanced Mathematics, Physics, or Chemistry with a total of 4.0 points, including four passes (4) in form IV with at least a pass in Basic Mathematics/ Physics/Engineering Science and English excluding religious subjects OR	4 Years	1,500,000
		❖ Ordinary Diploma in Engineering in the field of Telecommunication/Electronics/Electrical/Communication/Railway Signalling/ Railway Electrification/ Traction and Train Control Engineering with at least an overall GPA of 3.0 or equivalent qualification	3 Years	
5	Bachelor's Degree in Electrical and Railway Electrification Engineering	❖ Form VI with two (2) Principal passes in science subjects such as Advanced Mathematics, Physics, or Chemistry with a total of 4.0 points, including four passes (4) in form IV with at least one pass in Basic Mathematics/ Physics/Engineering Science and English excluding religious subjects OR	4 Years	1,500,000

		❖ Ordinary Diploma in Engineering in the field of Electrical/Telecommunication/Electronics/Communication/Railway Signalling/ Railway Electrification/ Traction and Train Control Engineering with at least an overall GPA of 3.0 or equivalent qualification.	3 Years	
FACULTY OF AVIATION TECHNOLOGY				
1	Bachelor's Degree in Aircraft Maintenance Engineering	❖ Form VI with two (2) Principal passes in science subjects, such as Advanced Mathematics, Engineering Science, Physics, or Chemistry, including Four (4) passes in Form IV with a pass in Basic Mathematics, Physics/Engineering Science, and English excluding religious subjects, OR	4 Years	6,000,000
		❖ Ordinary Diploma (NTA Level 6) in Aircraft Maintenance/Avionics/Aeronautical/Mechanical/ Aerospace/Engineering with a GPA of not less than 3.0 points.	3 Years	
2.	Bachelor's Degree in Aviation Management	❖ Form VI with two (2) Principal passes in the following subjects: History, Fine Art, Geography, Kiswahili, English Language, French, Arabic, Economics, Commerce, Accountancy, Physics, Chemistry, Biology, Advanced Mathematics, Agriculture, Computer Science or Nutrition. OR	3 Years	2,800,000
		❖ Ordinary Diploma in Aviation Management, Procurement and Logistics Management, Logistics and Transport Management, Freight Clearing and Forwarding, Business Administration, Accounting and Transport Finance, Automobile, Mechanical, Civil		

		Transportation, Marine, Information Communication Technology, Human Resource Management, Marketing, Statistics Travel and Tourism Air Craft Maintenance or Education with an average of a minimum GPA of 3.0.		
FACULTY OF MARITIME AND PETROLEUM TECHNOLOGY				
1	Bachelor's Degree in Shipping and Port Logistics Management	❖ Form VI with two (2) Principal passes excluding religious subjects with a total of 4.0 points, OR ❖ Ordinary Diploma (NTA Level 6 or Non-NTA) in a relevant field with a GPA of not less than 3.0 points OR ❖ Ordinary Diploma in Teacher Education with a GPA of not less than 3.0 points or the average of a B grade plus four (4) passes in form IV excluding religious subjects, OR ❖ Full Technician Certificate (FTC) with an average of a C grade.	3 Years	1,500,000
2	Bachelor's Degree in Customs and Freight Forwarding Management	❖ Form VI with at least two principal passes (excluding religious subjects) with a minimum aggregate of 4.0 points OR ❖ Ordinary Diploma (NTA Level 6) in Freight Clearing and Forwarding/Customs and Freight forwarding Management, Shipping and Port logistics Management, Logistics and Transport Management, Procurement and Logistics or International Trade and Customs from recognized institutions by NACTVET or in a related field of study with a minimum GPA of 3.0.	3 Years	1,500,000

3	Bachelor's Degree in Naval Architecture and Marine Engineering	❖ Form VI with two (2) Principal passes in science subjects, such as Advanced Mathematics, Physics, Engineering Science, or Chemistry, including Four (4) passes in Form IV with a pass in Basic Mathematics, Physics/Engineering Science and English excluding religious subjects, OR	4 Years	1,500,000
		❖ Ordinary Diploma (NTA Level 6 or Non-NTA) in Shipbuilding and Repair/Mechanical /Automobile/ Electrical/Electronic and Telecommunication/Marine/ Aircraft Maintenance/Agriculture Engineering relevant field with a GPA of not less than 3.0 points	3 Years	

FACULTY OF INFORMATICS AND TECHNICAL EDUCATION

1	Bachelor's Degree in Education with Mathematics and Information Technology	❖ Form VI with two (2) Principal passes, one must be in advanced Mathematics with a total of 4.0 points and should exclude religious subjects, Plus four (4) passes in form IV with at least a pass in Basic Mathematics, OR ❖ Ordinary Diploma in Teacher Education (NTA Level 6) with a GPA of not less than 3.0 points OR a B grade with mathematics as one of the teaching subjects.	3 Years	1,500,000
2	Bachelor's Degree in Education with Economics and Mathematics	❖ Form VI with two (2) Principal passes in Advanced Mathematics and Economics or an Ordinary Diploma in Economics and Mathematics with at least an overall GPA of 3.0 or equivalent qualification.	3 Years	1,500,000
3	Bachelor's Degree in Information Technology	❖ Two (2) Principal passes in Form VI in any subjects other than religious subjects with a total of not less than 4.0 points OR ❖ Ordinary Diploma (NTA Level 6) in a related field with a GPA of not less than 3.0 points plus four (4) passes in form IV, including a pass in Basic Mathematics and English	3 Years	1,500,000
4	Bachelor's Degree in Computer Science	❖ Form VI with two (2) Principal passes with a total of not less than 4.0 points in Science subjects in either Physics, Advanced Mathematics, Engineering Science, Chemistry, Biology, or Economics, including passes in Basic Mathematics, Physics, and English in Form IV	3 Years	1,500,000

		excluding religious subjects, OR ❖ Ordinary Diploma (NTA Level 6) in a related field, such as Physics and Information Technology, with a GPA of not less than 3.0 points plus four (4) passes in form IV		
--	--	---	--	--

TABLE 3: MASTER'S DEGREE (NTA LEVEL 9) PROGRAMMES

S/NO	NAME OF PROGRAMME	ENTRY REQUIREMENTS	DURATION	TUITION FEE
1.	Master of Logistics and Transport Management (By Coursework and Dissertation)	a) A Bachelor's Degree in any of Logistics and Transport Management discipline/Supply Chain Management/Procurement and Logistics Management/Transport Economics and Planning/Freight Clearing and Forwarding with at least GPA of 2.7 from a recognized Higher Learning Institution. OR b) Postgraduate Certificate/Diploma in any of Logistics and Transport Management discipline/Supply Chain Management/Procurement and Logistics Management/Transport Economics and Planning/Freight Clearing and Forwarding from a recognized Higher Learning Institution. OR c) A Pass Degree with working experience of at least three years in any of Logistics and Transportation industry	18 Months	6,000,000
2.	Master of Mechanical Engineering with Transportation Machinery	a) Bachelor's Degree in Mechanical/ Automobile, Marine, Aircraft Maintenance Engineering, Aeronautical Engineering (or Relevant Engineering fields) (NTA Level 8) with at least an overall GPA 2.7 from recognized Institutions or equivalent qualifications in related fields. OR	18 Months	6,000,000

		b) Bachelor's Degree in Mechanical/ Automobile, Marine, Aircraft Maintenance Engineering, Aeronautical Engineering (or Relevant Engineering fields) (NTA Level 8) with at least an overall GPA of 2.0 from recognized Institutions and with performance in the proposed subject of study at B grade or higher, OR; c) Bachelor's Degree in Mechanical/ Automobile, Marine, Aircraft Maintenance Engineering, Aeronautical Engineering (or Relevant Engineering fields) (NTA Level 8) with at least an overall GPA of 2.0 from recognized Institutions and with a minimum of 3 years of working experience after graduation and must be registered as the Trainee Engineer.		
3	Masters in Procurement, Logistics and Supply Chain Management (By Coursework and Dissertation)	a) Bachelor's degree in procurement, logistics, supply chain management, or other business-related disciplines with a GPA of 2.7 or above. OR b) Postgraduate Certificate or Diploma in Procurement, Logistics, or Supply Chain Management disciplines. OR c) A pass degree with working experience of at least three years in the procurement, logistics, and supply chain industries. OR d) Recognized professional qualifications such as CSP, CPSP, or CIPS.	18 months	4,550,000

4	Master's in Shipping and Port Logistics Management (By Coursework and Dissertation)	a) Bachelor's Degree in Management/Logistics in Maritime and Logistics/Shipping Transport Management/Supply Management/Port Chain Management/Procurement and Logistics Management/Economics and Transport Planning disciplines or Freight Clearing and Forwarding with at least a GPA of 2.7 from a recognised higher learning institution. OR b) Postgraduate Certificate/Diploma in Maritime Logistics/Shipping Management/Port Management/Logistics and Transport Management/Supply Chain Management/Procurement and Logistics Management/Economics and Transport Planning disciplines or Freight Clearing and Forwarding from a recognised higher learning Institution. OR c) A pass degree with working experience of at least three years in logistics, shipping, or the maritime industry. d) Recognised professional qualifications such as CSP, CPSP.	18 months	4,550,000
---	---	--	-----------	-----------

4.0 GENERAL INSTRUCTIONS TO APPLICANTS

- (i) All applications should be channeled through the online application system of the National Institute of Transport (NIT-OAS) at <https://oas.nit.ac.tz>.
- (ii) Before applying, applicants are advised to carefully read and understand each programme's general and specific entry requirements. The admission requirements can be accessed at <https://oas.nit.ac.tz>.
- (iii) Applicants holding foreign qualifications should have their awards verified by the competent regulatory bodies before submitting their applications to the Institute.

5.0 STEP BY STEP APPLICATION PROCESSES

- i. Access the Institute's Online Application System (NIT-OAS) at <https://oas.nit.ac.tz> and click the Start Application button.
- ii. Select your application type and answer the subsequent questions regarding your educational background. Provide the required information and click the Proceed button.
- iii. Complete the required personal information accurately.
- iv. Create a password that you will use to access the NIT-OAS. Your username will be your Form IV Index Number, which must be entered in full (e.g. S0881/0012/1920). Confirm your password and enter the verification characters displayed on the screen.
- v. The system will direct you to the next step, where you will be required to provide your contact information.
- vi. A Payment Reference Number (Control Number) will be generated in your NIT-OAS account. Applicants are required to pay a non-refundable application fee as follows: Undergraduate programmes: TZS 10,000, Postgraduate programmes: TZS 30,000.
- vii. After making the payment, click Next. The system will direct you to the next step, where you will be required to provide your Next of Kin information.
- viii. After completing next of kin information, the system will direct you to programme selection section,
- ix. Select the programmes you wish to apply for. You may select a maximum of four (4) programmes.

- x. Review your application to ensure that all the information provided is accurate, then submit your application.
- xi. Once your application has been successfully submitted, you will receive feedback on its status within one month after the application window has closed.

Note: Applicants for Bachelor's Degree Programmes who have received multiple admission offers through the central admission process and wish to join the National Institute of Transport (NIT) must confirm their acceptance of NIT's admission offer through their Online Application System (NIT-OAS) account. Failure to confirm the offer within the prescribed period will be deemed as a decision to decline the admission offer.

6.0. ADMISSION COMMITTEE

There shall be an Admission Committee of the National Institute of Transport.

6.1. Composition of Admission Committee

The Admission Committee shall be composed of the following members;

- (a) The Deputy Rector-Academic Research and Consultancy-Chairperson,
- (b) Deputy Rector-Planning, Finance and Administration
- (c) Director of Information Communication Technology
- (d) All Faculty Deans,
- (e) Director of Planning and Development,
- (f) Director of Students Services,
- (g) Director of Finance and Accounts,
- (h) All Heads of academic departments,
- (i) Director of Academic Support Services-Secretary.

6.2. Functions of Admission Committee

The functions of the Admission Committee shall be;

- (a) To Review and approve various elements (courses/programmes, capacities, entry requirements, and fees) of the admission Guidelines.
- (b) To deliberate and approve selections of all prospective students of the Institute.

7.0. REGISTRATION OF STUDENTS

- a) At the beginning of each semester, every student shall register for the respective programme, subject to payment of the prescribed tuition fees and fulfilment of all other registration requirements.
- b) Registration shall be conducted through the Institute's Students' Information Management System (SIMS).
- c) All newly admitted students shall register within the first two weeks of the academic year after paying the prescribed tuition fees and all other mandatory charges.
- d) The registration deadline shall be: two (2) weeks from the first day of the orientation week for first-year students; and two (2) weeks from the commencement of the semester for continuing students.
- e) Every continuing student shall report to the Institute on the prescribed reporting date at the beginning of each semester. A student who fails to report within fourteen (14) days of the stipulated date without prior written notification to the Institute shall forfeit his or her admission status.
- f) Only students who have completed registration shall be recognised as bona fide students of the Institute for the respective semester.
- g) A student who is eligible for registration but fails to register within the stipulated period without notifying the Faculty Dean in writing shall be deemed to have absconded.
- h) During registration, newly admitted students shall present and submit the following documents: an Admission Letter; duly completed Acceptance Form undertaking to abide by the Institute's Rules and Regulations; duly completed Medical Examination Form; Original academic certificates, academic transcripts, and a birth certificate; Receipts for payment of tuition fees and other mandatory charges; and Two recent passport-size photographs.
- i) International students shall obtain a valid residence permit from the relevant Tanzanian Embassy or High Commission before travelling to Tanzania.
- j) Students who have been offered admission but are unable to register during the relevant academic year shall not be permitted to defer their admission to the following academic year.

- k) Students who have been granted permission to postpone their studies shall resume their studies at the beginning of the corresponding semester from which they discontinued.
- l) A registered student shall not be permitted to change his or her name during the period of study at the Institute. The names appearing on the original academic certificates submitted during registration shall remain the official names used in all Institute records.
- m) A student shall not be permitted to change the programme to which he or she has been admitted. However, in exceptional circumstances, the Institute may approve a change of programme, provided that the request is made not later than the Friday of the second week after the commencement of the first semester of the relevant academic year.
- n) No student shall be permitted to postpone studies after the commencement of an academic year except under exceptional circumstances. Permission to postpone studies shall be granted by the Faculty Dean upon satisfactory submission of supporting evidence. A student granted permission to postpone studies may remain away from the Institute for a maximum of four (4) semesters and shall resume studies at the level and semester from which he or she left.
- o) A student discontinued from studies on account of unsatisfactory academic performance may be considered for re-admission to a different programme in the following academic year. Re-admission to the same programme shall only be considered after a lapse of four (4) semesters.
- p) A student discontinued from studies on account of examination irregularities or other disciplinary offences shall be eligible for re-admission only in accordance with the provisions of the National Institute of Transport Examination Regulations and the Students' By-laws.
